In today's event, we told our success story of a child named Ankit. When we brought Ankit to Shubhakshika Educational society, he used to beg and his parents also used to beg. Our organisation counselled Ankit and worked on his behaviour and all this worked and Ankit stopped begging. Then our organisation thought that if we can make Ankit stop begging, why not try to bring peace to his family. Ankit's parents were counselled and they were made to understand in many other ways that you should not beg, it is wrong for you to beg. The result of which was that Ankit's family also stopped begging, after giving up begging Ankit's father came to our organization saying that I do not know any work and I am not educated, so please help me and get me some work, so our organization's founder Mrs. Usha bhatnagar thought why not we give an electric loan to Ankit's father Mr. Monu Singh... When the house came out we faced the problem that from where would the

money come for E-rickshaw then at that time lions club helped us.

we thank the owner of Bansal Bhawan who gave us the place for the program.
