

## Report on Cooking Workshop Organized by Shubhakshika Educational Society

**Date: 01/06/2024**

Shubhakshika Educational Society organized a cooking workshop with the purpose of promoting gender equality. Boys from Shubhakshika participated enthusiastically, preparing Tortilla, Rajma, Vegetable and Rice while adhering to strict hygiene standards.

This workshop was designed as a fun activity where boys engaged in every aspect of cooking—from washing vegetables to serving the food. Our NGO's staff was present to ensure the children's safety and provide assistance as needed.

The boys enjoyed the hands-on experience and learned valuable skills, contributing to our ongoing efforts to challenge traditional gender roles and promote equality.
